Permit Activity Report: 03/10/2022 to 03/16/2022

Description: Warehouse Renovation - I am renovating an existing pole building on my property to make it more usable for myself and my two employees who are engaged in farm labor tasks. I'm adding a shower to an existing half bathroom and relocating the vanity and water heater to accommodate that change. Additionally, I'm adding new plumbing to the staff area to add a sink and refrigerator for employees to get water and eat lunches. The building will have new more energy efficient lighting throughout and will need new wiring and electrical sockets. Additionally, I'm adding a heating system for winter comfort and product climate controlled storage. I will be insulating the building. Finally, I'm framing two non-load bearing walls for an office for myself, and partitioning the entry way from the storage area.
